

## **Key Components of Teaching Literature:**

**Pre-reading Activity** – doing something to get the students into the mood of the story or what it is about

**Basic Understanding** – introducing the difficult words, and reading with the students the story. Answering LOTS questions (where, when, what, who, how).

**Interpretation and looking into Literature** - analyzing and interpreting the literary work using HOTS : inferring, distinguishing different perspectives, compare and contrast.

**Bridging Text and Context** – information about the author and/or the social and cultural background of the literary work.

**Post-reading Activity** – creative task

**Summative Assessment** – assessing the students understanding of the story

**Reflection/student's response** –the students' personal response to the literary work, the activities and the learning process.
